SIGA holds grand opening for new Central Office in Saskatoon

September 13, 2019 – Saskatoon, SK – SIGA, with our partner, Muskeg Lake Cree Nation (MLCN), held a ribbon cutting today to celebrate the opening of SIGA's new central office location.

This year we developed a 40,880 square foot office with a 9,750 square foot warehouse on MLCN. The building has a state-of-the-art warehouse, allowing SIGA to become a true operator and to manage our own slot system, multiple meeting and board rooms, and ample parking for employees.

Chief Reginald Bellerose, SIGA's Board Chair, speaks to the collaboration of key partners involved in making this new building a reality.

'On behalf of SIGA, we're thrilled to be opening our new central office location, a consolidated effort between us and our key partners, Muskeg Lake Cree Nation and the City of Saskatoon. This is an important milestone for the company, an exciting addition to SIGA's operations that will benefit our province's 74 First Nations and the local community.'

The land is owned by Muskeg Lake Cree Nation and is leased to SIGA, which, in turn is responsible for the building's operation. We worked with MLCN to source local suppliers for the project.

Zane Hansen expands upon the driver behind the new office and what it means for SIGA.

'This new facility will enable us to increase our capacities and to be able to better support all of our casino locations across the province. Even more, a warehouse was essential to allow us to take over the management of our slots and the driving factor behind this new office build.'

He adds, 'This has been a long-time coming. Our central office employees haven't been all together under one roof since the earliest days of SIGA!'

SIGA's new Central Office is located at 103 Aspen Place in Saskatoon, Saskatchewan. For more information, please visit siga.ca. Our office hours have not changed – Monday to Friday from 8:30 a.m. to 5:00 p.m.
